L Series
STAINLESS STEEL SUBMERSIBLE PUMPS
FOR 6” AND LARGER WELLS
60 HZ, 3-60 HP
VFD COMPATIBLE - UP TO 80 HZ

Designed for the most demanding agricultural, municipal, and commercial applications. You can trust the performance of the 6” Stainless Steel L Series.

SUPERIOR CONSTRUCTION
- Tungsten carbide support bearings provide exceptional radial shaft support and excellent abrasive and wear resistance
- Integral upthrust bearing protects impellers from damage
- Replaceable and self-aligning impeller wear ring lowers maintenance costs and improves efficiency
- Superior sand handling design provides longer life and fewer repairs
- Cast 304 SS discharge head and motor adapter are more robust than fabricated pump designs and provide strong connection points for piping and motor
EFFICIENCY RANGE
Improved efficiency translates into lower life cycle costs and reduced energy consumption.
