a xylem brand

# Mighty Lite - Water and Trash Handling Models

## QUALITY FEATURES

- Rugged Die-Cast Aluminum Body
- Multi-Position Discharge
- Optional Engine Selection
- Lightweight and Portable
- Anti-Creep Mounts
- Self-Lubricating Shaft Seal
- Carrying Handle
- Built-In Check Valve

## APPLICATIONS

Gasoline engines make the Mighty Lite pumps useful at construction sites lacking an electrical power supply and during power outages.

### Water Models

Use for high volume dewatering. They can pump clear or muddy water with reasonable amounts of suspended solids as found on many construction sites and farms.

### Trash Models

Use where solids are present in water. Models available to handle from 1" to 2" spherical solids.

## WATER MODEL SPECIFICATIONS

- Die cast aluminum casings and motor supports
- Cast iron impellers
- Volute - cast iron or aluminum, varies by model

### Engines:

#### Subaru

- 4.5 and 6 HP EX engine

#### Honda

- 5.5 and 8 HP Honda GX design
- NPT suction and discharge connections (were hose connections on older models)

## TRASH MODEL SPECIFICATIONS

- Die cast aluminum casings and motor supports
- Cast iron volutes and impellers
- Volute - cast iron or aluminum, varies by model

### Engines:

#### Subaru

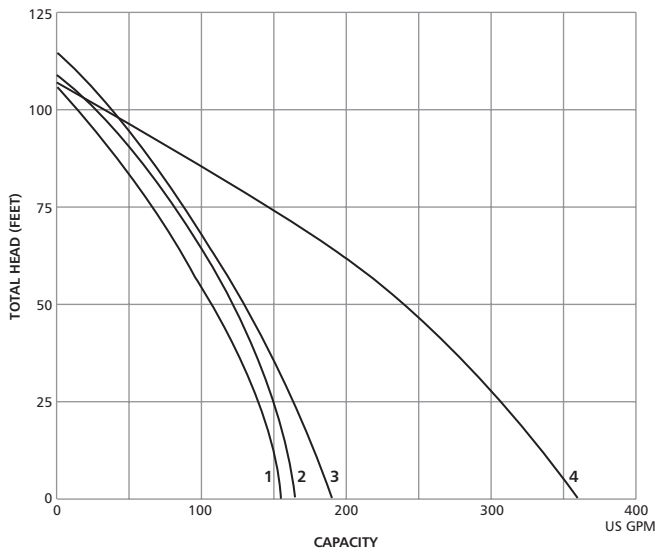

- 4.5 and 6 HP EX engine

#### Honda

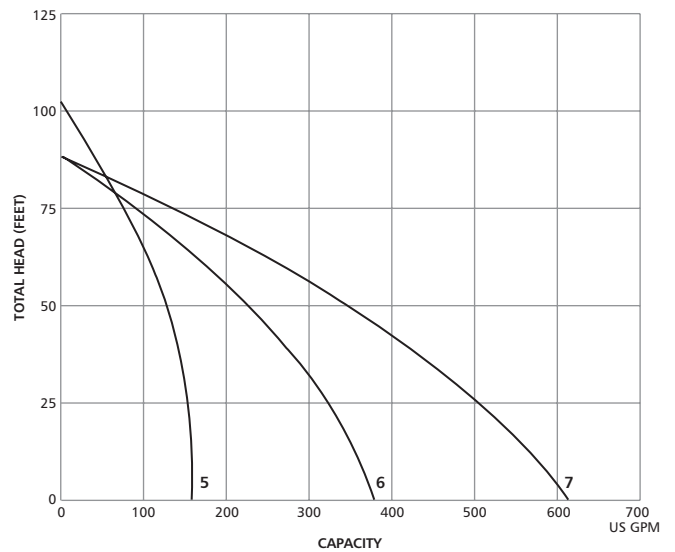

- 5.5, 8 and 13 HP Honda GX design
- NPT suction and discharge connections (were hose connections on older models)

# Xylem |'zīləm|

- 1) The tissue in plants that brings water upward from the roots;
- 2) a leading global water technology company.

We're 12,500 people unified in a common purpose: creating innovative solutions to meet our world's water needs. Developing new technologies that will improve the way water is used, conserved, and re-used in the future is central to our work. We move, treat, analyze, and return water to the environment, and we help people use water efficiently, in their homes, buildings, factories and farms. In more than 150 countries, we have strong, long-standing relationships with customers who know us for our powerful combination of leading product brands and applications expertise, backed by a legacy of innovation.
